

Owner's Representative Services – Notice of Cancellation

Thank you for your interest in and response to RFQ-2026-02 – Owner's Representative Services — Secure Facility Design & Construction Project. After careful consideration, the Borderplex Alliance Foundation has decided to cancel this RFQ and will not proceed with a selection under this solicitation. The organization is canceling the RFQ because it now deems the scope of work described to be unnecessary. It is not a reflection on the quality of the responses received.

We appreciate the time and effort invested in preparing submissions and interest in our organization. If we issue a new solicitation for similar services in the future, it will be posted through our usual channels.

Sincerely,

The Borderplex Alliance Foundation Team
